
TERM SHEET

Capitalized terms used and not otherwise defined in this term sheet (“Term Sheet”) have the meanings ascribed to them in the Fund’s Limited Liability Company Agreement dated September 13, 2024 (the “Operating Agreement”) as modified by the applicable Series Schedule.

Investment Purpose:

Subscription to a membership interest (the “Interest”) in a series (the “Series”) of EquityZen Growth Technology Fund II LLC (the “Fund”), for an investment that derives its value based upon the value of shares of stock of **Anthropic, PBC Preferred Stock** (the “Underlying Issuer” and the shares of stock of the Issuer, the “Underlying Securities”). The Series will invest through a purchase of interests in one or more pooled investment vehicles, managed accounts or special purpose investment vehicles that are managed by one or more third party managers and that either currently own Underlying Securities or will acquire them with the proceeds of the Series’ investment (each, an “Investee Vehicle” and the interests in such Investee Vehicle being referred to as the “Investee Vehicle Securities”). The Investee Vehicle Securities, any direct investment in the Underlying Securities, and any securities received in exchange for or conversion of the Investee Vehicle Securities or the Underlying Securities will be the only assets (other than cash) held by the Series. Subscribers whose subscription is accepted will become “Members” of the Series.

Manager of the Series:

EquityZen Advisors LLC (the “Manager”). Note, the Manager is separate from the Investee Vehicle Manager (as defined below).

Fees and Final Reservation Amount:

The Series’ investments in the Investee Vehicle Securities may incur various fees paid upfront to one or more third parties, including brokerage commissions to third party broker-dealers, and upfront management fees of the third party manager(s) of the Investee Vehicles (the “Investee Vehicle Manager” and such upfront fees collectively, the “Third-Party Upfront Management Fees”). Any Third-Party Upfront Management Fees are included in the calculation of your “**Subscription Amount**” below.

In addition to the Third-Party Upfront Management Fees, investments in the Investee Vehicle Securities may incur additional fees paid on a recurring basis or prior to a distribution, including recurring management fees of the Investee Vehicle Manager, reimbursement of any operating expenses of the Investee Vehicle or the Investee Vehicle Manager, and performance-based fees (or “carried interest”) allocated to the Investee Vehicle Manager (such fees collectively, “Other Fees”). The Other Fees are not included in the calculation of your Subscription Amount. The Third-Party Upfront Management Fees and Other Fees will be charged by the Investee Vehicle Manager out of the assets of the Investee Vehicle; thus they may reduce the potential return on an investment in the Series. There is no assurance that the Series will be able to realize gains sufficient to offset the Third-Party Upfront Management Fees and Other Fees.

The Final Reservation Amount is due now, and represents the sum of the components outlined below:

Subscription Amount:

\$100,035.72

Purchase Price:

\$61.98

EquityZen Sales Fee (see below):

\$5,001.79

Final Reservation Amount:

\$105,037.51

Upon a Closing, only the amount of your Subscription Amount will be credited to the investor's Capital Account in the Series and will be reflected in the investor's "Capital Account Sharing Percentage" in the Series and represents the ratio of the Member's Capital Account balance to the sum of Capital Account balances of all Members of the Series (subject to treatment of any fees, as explained above).

The **Third-Party Upfront Management Fee** and **Other Fees** applicable to an investment in this Series are as follows:

Investee Vehicle Manager Carried Interest:

0.00%

Other Third-Party Fee Disclosure:

Purchase Price is inclusive of a 10% upfront management fee paid to the third party investment manager. The third party manager will also deduct 0.5% from each investor's subscription amount upfront to be held in a cash reserve, which will be used to cover fund operating expenses.

Aggregate Commitments:

The total estimated size of the Series is **\$10,000,039**. The final total size of the Series may be greater or less than the total estimated size expressed here.

Sales and Series Expenses:

EquityZen Sales Fee:

In addition to the Subscription Amount, you shall pay 5.00% of the Subscription Amount, payable upon subscription, to EquityZen Securities LLC, which is serving as the "Placement Agent" for the Fund (the "EquityZen Sales Fee"). The EquityZen Sales Fee may be subject to partial or full waiver in the sole discretion of EquityZen Securities LLC.

Expected EquityZen Sales Fee (5.00% of your Subscription Amount):

\$5,001.79

Series Expenses:

The Series will incur certain expenses relating to its operations, including legal and accounting fees as well as other miscellaneous expenses. The Manager intends to pay all Operating Expenses of the Series; but the Series shall be responsible for all Extraordinary Expenses and Members of the Series may be required to increase their Subscription Amount to fund such Extraordinary Expenses. To the extent that the Manager or any of its Affiliates advances funds to the Series to enable it to pay Extraordinary Expenses, the Series shall be obligated to reimburse the Manager for such amounts advanced and that amount may be deducted from any future distributions in respect of the Series.

Definitive Agreement:

Unless specifically stated herein, this is an expression of the intent of the subscriber and the Series and is otherwise not binding. As soon as reasonably practical after the execution of this Term Sheet, the subscriber shall execute and deliver a definitive subscription agreement (the “Subscription Agreement”) relating to your subscription to the Series, in the form to be provided by the Manager of the Fund. The Subscription Agreement contains representations, warranties, conditions, covenants, indemnities and other terms that are customary for transactions of this kind and are not inconsistent with this Term Sheet, as well as a signature page to the Fund’s Operating Agreement.

Covenants of Fund:

During the period from the signing of this Term Sheet through the execution of the Subscription Agreement, the Fund will maintain the confidentiality of your identity and the terms of your prospective investment; provided that the Fund may disclose such information to its legal and financial advisors and employees that are necessary in completing your investment transaction.

Restrictions on Transfer and Rights of First Refusal:

The Investee Vehicle Securities purchased by the Series will be governed by the constituent documents of the Investee Vehicle, which will in most cases consist of a limited liability company operating agreement or a limited partnership agreement that will ordinarily contain restrictions on transfers of the Vehicle Interests. In addition, the Underlying Securities will generally be subject to restrictions on transfer and rights of first refusal (a “ROFR”), or other similar right, by the Underlying Issuer or another party. If the ROFR or such similar right is exercised, the Investee Vehicle may not be able to purchase the Underlying Securities and the Series may, therefore, not be able to purchase the Investee Vehicle Securities. In this case, any amounts you have paid into escrow in respect of your subscription, would be promptly returned without interest, deduction or setoff.

Termination Fee:

You will be subject to pay to the Manager a \$500 termination fee if you fail to execute and deliver the Subscription Agreement and deliver the Final Reservation Amount or otherwise cancel your investment after completing the investment process. The investment process is completed once you have clicked "Submit" from the Transaction Summary page. If an exercise of the Right of First Refusal by the Underlying Issuer or other holder of such rights occurs, or if the Series is otherwise unable to complete the investment due to other Underlying Issuer or Investee Vehicle restrictions, you will not be charged a termination fee. While the submitted investment is subject to the termination fee, this Term Sheet is not otherwise binding.

Other:

This Term Sheet is intended as an outline of certain of the material terms of the Investment and does not purport to summarize all of the terms that would be contained in definitive documentation for the Investment. Other than as set forth under “Covenants of the Fund” and “Termination Fee” above, this Term Sheet does not constitute a binding offer or agreement, nor shall it or any discussions or course of conduct impose any obligation or liability on either party. Your subscription to any series of the Fund shall be deemed accepted only once a completed Subscription Agreement is executed by the Manager, which has the unconditional right to reject this subscription offer, in whole or in part, for any reason or no reason, and the payment of all amounts relative to the subscription (the Subscription Amount plus the Sales Fee). An investment in this Series (or any other series) is highly illiquid and there can be no assurance that you will be able to sell its Interest, whether through an “Express Deal” or otherwise. You should be aware that an investment in a Series does not entitle the Members to any rights in any other series of the Fund.

You are not subscribing to this investment as a result of, or subsequent to, reviewing or otherwise being exposed to (i) any advertisement, article, notice or other communication published in any newspaper, magazine, website, or similar media, or broadcast over television or radio, or (ii) any form of general solicitation, such as a seminar or meeting whose attendees had

been invited pursuant to, or as a result of or subsequent to reviewing or otherwise being exposed to, any of the foregoing. You are not aware of any reason why this offering should fail to qualify as a private placement under the Securities Act of 1933, as amended.
